IGNITED-POWER Final Conference

IGNITED-POWER has come to a close with its final conference on supporting trans youth, drag and freedom of expression, held on 8 October 2026 in the “Juliana” room of the Faculty of Education, Leioa Campus, University of the Basque Country (UPV/EHU). Experts, practitioners and members of the community gathered to celebrate the project’s achievements.

What a journey!

Over its lifetime, the project turned awareness into practical tools that remain freely available to everyone: **a five-module Youth Worker Training Course**, an open **e-Toolbox** with 50 multimedia resources, **a podcast series amplifying LGBTQIA+ voices**, a multilingual **Digital Community Hub**, and a **Policy Recommendations Guide** co-created through a multi-stakeholder roundtable. **Capacity-building sessions** were designed to reach **75 youth workers** and **180 young people**.
